Worksheet, text

- **Description of the enigma**

Students find a copy of a text in the present simple tense and they need to fill in the gaps with the appropriate verbs they can find below the text using the correct form.

The key code will be the numbers before the verbs in the order of appearance in the text. Verbs 'go' 'have' 'live' 'get' 'teach' 'make' could be placed on the wall for example, so they have to find them and connect them to this text.

Present Simple

Example:

My name is Mark. I _____ in a white house with a lovely garden. I have a dog. His name is Zeus. There is a tree in the garden and he likes sleeping under it.

I _____ a lot of friends. We always go to school together. We usually take a school bus at 7:30 a.m. I never _____ to school alone.

My father works in a bank. He comes home at around 5 p.m. He likes sitting in his armchair in front of the TV and watching the news. My mother is a teacher. She _____ English and she likes her students very much.
