The enigma

- **Keywords**

Audio recording, culture, language

- **Toolbox**

Audio recording, speakers, dictionary, piece of paper

- **Description of the enigma**

Teacher will play an audio recording about the importance of intercultural awareness.

Students are going to find their task written on a piece of paper. They have to find a word in a dictionary that rhymes with fairness. They need to use a dictionary that is available at school and find word awareness in it. The code will be the number of a page on which word awareness is described so it might vary depending on the dictionary the teacher uses.

Language and culture

Example:

Listen to the audio recording! All you need is a word that rhymes with fairness! Find a book full of words and the passcode it holds!

Solution

awareness and the page number which might vary depending on a dictionary. Hint:
The word is in the title of an audio recording.

More information

Possible restrictions

Students with Dysgraphia and auditory processing disorder may encounter some problems.
