

Travel and transport

Introduction

- **Level:** B2
- **Skills:** Writing
- **Topics:** Vocabulary
- **Merging subjects and soft skills related to the enigma:** Critical-thinking, problem

solving, team work

The enigma

- **Keywords**

Puzzle

- **Toolbox**

Puzzle, pen

- **Description of the enigma**

Students are given a puzzle related to travel and transport. They need to use the pen provided in order to match the words and the gaps with lines. Once they are finished they need to count how many times lines cross. In this way they are going to get number 5 as it represents the code.

Complete the puzzle below! Be careful and match the words and the gaps with lines. Once you are finished count the number of how many times lines cross. The number will be a code.

Travel and transport
