- **Toolbox**

Worksheet, pencil, mobile phone

- **Description of the enigma**

Students find a mobile phone with conversation on the screen. They are supposed to read it and fill in the missing words in order to find the red letters on the worksheet they will find in the same place. If they fill in the gaps correctly, they will be able to guess the code.

Future Perfect Simple

Hi Sara! Sorry but I can't make it on Saturday. Need to finish my project by June 7th.

Sorry to hear that Joe! But Mark is not going to make it either. What are your plans for the next

My sister's anniversary is on June 11th. Tom and Ana are celebrating 10 years of marriage. So they are having a party at Grandall's. And I am invited.

Ok. Hope you'll have a great time. Say hello to Ana and Tom. All colleagues send you love. See you at the office Monday

Thanks Sara! Enjoy yourself at the party. Send greetings to everyone.

Hint

In case the students get stuck with the answers, the teacher/GM may encourage the students to go back to the conversation and that they find the answers hidden there.

Possible restrictions

Students with Dysgraphia and Dyslexia may encounter some problems.
