

# Phase 1: Enter the station

Phase 2: Put electricity back

Sheet (25):  
Electric panel

Discard:  
- 05, 19

- Draw Electronic Elements (E-R-T-C-U-B)

Card (E):  
Electric panel

Card (R):  
Electric panel

Card (T):  
Electric panel

Card (C):  
Electric panel

Card (U):  
Electric panel

Card (B):  
Electric panel

Solving the puzzle

Card (42):  
There is a light!

Card (P):  
View of the Poseidon Module

Discard:  
- 42  
- W

- Astronaut flotting (68)  
- Door panel (G)

Card (53):  
There is a light!

Card (H):  
View of the Hades Module

Discard:  
- 53  
- W

- Astronaut flotting (99)  
- Door panel (Y)

Card (32):  
There is a light!

Card (Z):  
View of the Zeus Module

Discard:  
- 32  
- W

- Hidden clue: a post-it (64)  
- Hidden clue: a computer (A)  
- Door panel (J)

Wrong cards:

- 21  
- 29  
- 34  
- 40  
- 45

Effect: Stop time -1 minute

Phase 3: Solve the problem

**Sheet (G): Door Panel**  
Puzzle to close the door of the module

**Card (68):**  
Found the astronaut Igor.  
It seems he lost consciousness after  
putting tape on the wall... very strange.

**Sheet (Y): Door Panel**  
Puzzle to close the door of the module

**Card (99):**  
Found Peggy Winston who surprisingly  
is still half-conscious.  
She gives a part of the instructions to  
close security doors.  
Memento from training "Do as Peggy  
says"

**Sheet (J): Door Panel**  
Puzzle to close the door of the module

**Card (64):**  
Found a post-it with a part of the  
instruction of the procedure to close  
security doors.  
The paper has been stained by a mark  
of coffee and is only partially readable.

**Clear instructions:**  
Now to use on the good spot

**Wrong cards:**  
- (A)  
Effect: Stop time -1 minute

Solving the puzzle

Solving the puzzle

**Card (75): Door closed**  
After extracting Igor from the module,  
you closed the door

**Discard:**  
- G

**Card (K)**  
"The Oxygen level is stabilized, you  
saved the station!  
You have now plenty of time to use  
your shuttle oxygen resupply to up the  
level and fix the communication  
system."

**Card (82): Door closed**  
After extracting Peggy from the module,  
you closed the door

**Discard:**  
- Y

**Card (Q)**  
"Oh no, the oxygen pressure of oxygen  
still fall down... That must come from  
somewhere else"  
Effect: Stop time -1 minute

Solving the puzzle

**Card (101): Door closed**  
After checking that nobody was still in  
the module, you closed the door

**Discard:**  
- J

**Card (F)**  
"Oh no, the oxygen pressure of oxygen  
still fall down... That must come from  
somewhere else"  
Effect: Stop time -1 minute
