

The Cask of Amontillado

Scenario ID

Description

In this scenario, you are locked inside a vault, whose owner is a murderer. He lives in a big stone palace, has the greatest wine collection and has killed Fortunato, who laughed at his proud name. You learn about the story after watching the presentation, which says that poor Fortunato was chained to the wall in a hidden chamber and suffocated to death. You see a very beautiful room with a Venetian mask on the table, which reminds you that there is a big carnival in an Italian city. If you don't open the door, you will be walled up by the murderer, whose family name is Montresor.
